

Disorn Suppartum

IT & Software Engineer

About me

Highly driven professional committed to continuous growth and delivering optimal results. I leverage strong teamwork and collaboration skills to drive team success and cultivate a positive workplace culture.

Educational

Bachelor of Engineering (In progress), Computer Engineering — Ramkhamhaeng University

Aug 2023 – Present GPA: 3.04

Vocational Certificate, Electronics — Ratchaburi Technical College

May 2014 – Mar 2017 • GPA: 3.02

Projects

Driver Fatigue Detection

Developed an AI-based technology that detects driver drowsiness or high-risk behaviors by capturing images of the driver, provides real-time alerts, and records behavioral statistics. The system is web-based and fully responsive.

International School System

Developed and managed the school's website frontend, overseeing all content creation (video/photo) and ensuring timely material upload to key sections

Work Experience

 **ST.MARKS INTERNATIONAL SCHOOL** **Aug 2022 - Present**

IT Administrator

- Proficient in diagnosing and resolving diverse IT issues, including comprehensive hardware and software troubleshooting for computers, networks, CCTV systems, and printers.
- Managed and maintained the school website (Frontend focus), taking responsibility for content creation (video and photography) and uploading material to key sections (e.g., News, Curriculum, School Activities).
- Managed and operated audio-visual (A/V) systems for classrooms and school-wide events, including sound mixing, lighting configuration, and multimedia setup.
- Provided technical and instructional support as a Teacher Assistant for Technology and Physics classes, covering practical topics such as coding, robotics, and electronic circuits.
- Administered the school's LINE Official Account to streamline external communications and executed targeted Facebook ad campaigns to effectively promote academic programs and events.

 **GEBREAB DIGITAL MARKETING LTD.** **May 2020 - Jul 2022**

Digital Marketing

- Developed and executed tailored digital content strategies that directly aligned with client products and services to achieve marketing objectives.
- Collaborated cross-functionally with graphic design and video production teams, ensuring brand consistency across all digital assets and campaigns.
- Implemented and managed Facebook advertising campaigns and Google SEO initiatives to maximize digital reach, engagement, and overall brand visibility.

 **AHM ENTERTAINMENT** **Feb 2019 - Jul 2019**

Photographer & Video Editor

- Served as a Cameraman and Video Editor for a diverse portfolio of online advertisements, primarily targeting businesses such as Japanese restaurants, hair salons, beauty centers, and spas.
- Enhanced audience accessibility and engagement by accurately adding Thai and Japanese subtitles to video content and optimized video and image settings and formats to directly align with the specific aesthetic preferences of the target market.

 **ALLOVE THAILAND** **Sep 2017 - Jan 2019**

Graphic Design

- Designed and developed diverse promotional materials, including leaflets, posters, and digital advertisements.
- Managed the production of video content for tourism and media promotions, ensuring brand consistency and timely delivery across all projects.
